

# UW-Extension Agents Tour Crystal Creek

---

On Tuesday, June 28<sup>th</sup>, 2016 over 15 University of Wisconsin-Extension Agents visited Crystal Creek®. Local Washburn County Area Ag Agent, Richard Otto Wiegand and Area Ag Development Agent, Kevin Schoessow helped organize the event which included visits to several other local businesses related to the agriculture industry.

Crystal Creek® is a family owned business located in Spooner, WI that has experienced continual growth since its origin in Prescott, WI in 1998. The company has expanded 3 times in the last 18 years and currently employs approximately 14 people.

The most recent expansion is a 32,500 square foot warehouse being built this summer to help better serve Crystal Creek's growing customer base. Crystal Creek® supplies farmers all over the United States and Canada with livestock mineral and animal health supplements.

Crystal Creek® values the service and information UW-Extension Agents supply the agricultural community and appreciate the opportunity to work with others to further the sustainability of producers from all types of operations.
