Beak Trimming	\$0.20 /Bird		
<b>Amount Due:</b>			

All chicks have been vaccinated. The standard vaccination fee has been included in the price for all Abendroth and Sunnyside birds.

## Nutritional Recommendations

Crystal Creek® can help get your chicks off to a great start. We recommend using Crystal Creek® Aloe Vera Juice in the chick's water supply to help give them an early boost. Proper nutrition is crucial when dealing with young birds. Crystal Creek® Family Flock® Chick Starter is formulated to provide the correct amount of protein, vitamins and minerals required to support the rapid growth of young chicks.

The Family Flock® line of poultry feeds contain chelated trace minerals, selenium yeast and increased levels of vitamin E to help support better immune function for healthier, more productive birds. The high quality ingredients in the Family Flock® poultry feed line result in more nutrient dense meat and eggs.

## Chick Information

Our chick orders come from two Wisconsin hatcheries which are both family owned businesses who participate in the National Poultry Improvement Plan. Breeders are vaccinated and monitored according to accepted practices. We guarantee 100% live delivery of all orders. Our liability is limited to the original purchase price. We guarantee 90% accuracy on all sexed birds.
